

SHELLS - ASSIGNMENT #3

BAT Scripts

The objective is to write one .BAT script files that implements a “guess the number game”

Student work must be sent by eMail:

- To: tjoubert@theoris.fr
- Object: B26S_3_YOUR-LAST-NAME

As most Mail servers don't accept .BAT files as attachment, the code should be pasted inside the eMail message.

➔ You may also send a screen copy of your best score

GAME REQUIREMENTS

A random two digit number [10,99] must first be generated by the BAT.

The BAT will ask the user to input numbers, if the input equals the random number YOU WIN, in the other case the BAT will inform the user that the given number is TOO SMALL or TOO BIG and propose another attempt.

Any input that does not fulfill [10,99] causes a NOK message without comparison.

The number of attempts MAXTRY is limited, the game may be launched at 3 levels decided by BAT argument %1:

- | | | |
|----------|------------------------|-------------|
| • EASY | ... no argument | MAXTRY = 10 |
| • MEDIUM | ... argument (M/m) | MAXTRY = 8 |
| • HARD | ... argument NOT (M/m) | MAXTRY = 6 |

Every input decreases the number of attempts (*i.e. [10,99] and NOK*), if the guess does not succeed within authorized number of attempts YOU LOOSE and gain no points

If you guess within the maximum number of attempts (*i.e. Try# ≤ MAXTRY*), YOU WIN and points are allocated according to the formula:

$$\text{Points} = (\text{MAXTRY} - \text{Try\#} + 1) * K$$

Value of K → HARD-K=10 MEDIUM-K=3 EASY-K=1

SCREENSHOTS

```
=== Level EASY ===

give a number in [10,99] ...ten
ten >>>> NOK!!

give a number in [10,99] ...8
8 >>>> NOK!!

give a number in [10,99] ...187
187 >>>> NOK!!

give a number in [10,99] ...50
50 is +++++ TOO BIG ++++++

give a number in [10,99] ...25
25 is ----- TOO SMALL -----

give a number in [10,99] ...33
33 is +++++ TOO BIG ++++++

give a number in [10,99] ...28
*** BINGO! 4 points ***
```

```
=== Level MEDIUM ===

give a number in [10,99] ...55
55 is +++++ TOO BIG ++++++

give a number in [10,99] ...25
25 is ----- TOO SMALL -----

give a number in [10,99] ...32
32 is +++++ TOO BIG ++++++

give a number in [10,99] ...28
28 is +++++ TOO BIG ++++++

give a number in [10,99] ...26
26 is ----- TOO SMALL -----

give a number in [10,99] ...27
*** BINGO! 9 points ***
```

```
=== Level HARD ===

give a number in [10,99] ...55
55 is +++++ TOO BIG ++++++

give a number in [10,99] ...27
27 is +++++ TOO BIG ++++++

give a number in [10,99] ...18
18 is +++++ TOO BIG ++++++

give a number in [10,99] ...13
13 is ----- TOO SMALL -----

give a number in [10,99] ...15
15 is +++++ TOO BIG ++++++

give a number in [10,99] ...14
*** BINGO! 10 points ***
```

```
=== Level HARD ===

give a number in [10,99] ...55
55 is ----- TOO SMALL -----

give a number in [10,99] ...28
28 is ----- TOO SMALL -----

give a number in [10,99] ...19
19 is ----- TOO SMALL -----

give a number in [10,99] ...5
5 >>>> NOK!!

give a number in [10,99] ...88
88 is ----- TOO SMALL -----

give a number in [10,99] ...93
93 is ----- TOO SMALL -----

!!!!!! YOU LOOSE !!!!! it was 97
